## Health Insurance For Your Teeth

August 2000 - English  
Denti-Cal: Health Insurance for Your Teeth

### **What is Denti-Cal?**

Denti-Cal is health insurance for your teeth. It pays for preventive care and treatment of dental problems

### **Who gets Denti-Cal?**

If you have Medi-Cal, then you automatically have Denti-Cal. You do not need to make a separate application.

If you have restricted Medi-Cal, check with the Denti-Cal office or your Medi-Cal caseworker to see if you are covered.

### **When are you eligible?**

Your Medi-Cal card is proof of your Denti-Cal coverage.

### **Can Alliance or Blue Cross Medi-Cal members still get Denti-Cal?**

Yes. But Alliance and Blue Cross do not provide the services. You have to go to a dentist who takes Denti-Cal insurance.

### **Which dentists take Denti-Cal?**

Not all dentists take Denti-Cal insurance. If you know which dentist you want to see, call the office and ask if they take Denti-Cal.

If you are looking for a dentist who takes Denti-Cal, you can call the information number **1-800-322-6384** (Please have an English-speaking person with you when you call). The person will ask where you live and give you the names of 3 dentists in your area.

### **Do children and teenagers get Denti-Cal?**

Yes, if they have full-scope Medi-Cal.

### **What kind of services will Denti-Cal pay for?**

A complete list of services and procedures is very long. Denti-Cal covers most dental procedures. The following is a list of the most common procedures covered by Denti-Cal:

Examinations	Teeth X-Rays
Fillings	Teeth cleaning
Sealants	Fluoride treatments
Extractions	
Dentures/Bridges/Othodontics – require special approval	

This is only a partial list. If the procedure you need is not on this list, ask your dentist if it is covered or call the Denti-Cal information service at **1-800-322-6384** (Please have an English-speaking person with you when you call).
